able, one thing they forgot, and that

Since 1888, \$32,000 had been spent each year for the treatment and care of lepery. Aylett said, and no good had been done. Now, when \$35,000 were asked for in order to contribute to the material comfort of these unfortunates a hue and cry was raised that it was a useless outlay. Better spend \$1,000,000 and benefit one man, than to follow the course now being followed, and allow these sufferers to galunativened. One thing was sure if mattended. One thing was sure, if the Territory owned its own boat, the oor lepers would be better treated on their way to their living grave. The subsidies for the Waimea Hospital and the Lihue Hospital were re-

If the companies could declare such big dividends on their subsidies from the government, why not keep the money in the public treasury. BLOOD

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live The Only

When strength is full and spirits high, we are being refreshed, bone muscle and brain, 8 in body and mind, with continual flow of rich blood.

no cheer, no spring, when rest is not rest and sleep is not 8 sleep, we are starved; our blood ment in it. Cabinets

Back of the blood, is food. The ever welcome from with which to pay for the vest to keep the blood rich. When Since 1886, \$32,000 had been spent each it fails, take Scott's emulsion of cod-liver oil. It sets the whole body going again - man with adjustable back: in hard woman and child.
